Wir hüpfen aus der Hängematte u. gehen nach rechts zum Schuppen.
Hier legen wir den Stein an die Seite u. nehmen einen **Metallstift** mit.

Damit gehen wir 2x nach links u. öffnen den Geräteraum.

Wir nehmen die **Gießkanne**, schließen die Tür u. gehen nach rechts durch den Rosenbogen.

Nun gehen wir nach rechts, nach vorn u. nach links.

Jetzt gehen wir nach vorn u. am grünen Komposter nach links.

Etwas weiter steht eine blaue Wassertonne in der wir unsere Gießkanne füllen.

Wir gehen wieder zurück u. gießen, im roten Hochbeet, die Gurken.

Nun ist hier unsere Arbeit getan, wir gehen zur Wassertonne u.
wenden uns nach links.

Wir verlassen den Garten u. gehen, über die Karte, nach Hause.
Hier finden wir einen Brief, den wir lesen u. einstecken.

Well hello!

I hope everything is OK with you. Anders and I have had the time of our lives here in Paris. I wish you could have come with us.

Whatever you're doing at the moment, I'm pretty sure that you don't even want to think about work. But Anders REALLY needs your help in one extraordinarily peculiar matter. He's really nervous about it, but he has to stay here in Paris to meet some business people, trying to sell his idea with the elastic garden hose.

It seems as though a tramp or somebody was murdered in Anders' apartment while he's been away. Instead of trying to explain (which I can't anyway), I'm attaching a newspaper article which I downloaded and printed from the internet. Both Anders and I would be extremely grateful if you could look into this matter.

We'll probably be home in a week or so.

Hugs.

Jonas

Forgot to add: Anders lives at Byhagen 6, floor 4, and has hidden the key outside the door.

P.S.

Here is the picture that you took of me with my camera in your shed at the allotment.

Well hello!

Vagrant killed in salesman's apartment

A vagrant was brutally murdered in the apartment of a travelling salesman in east Norrköping on Wednesday night. The murdered person has been identified as Viktor Wallin, a homeless 62 year old man, who's often been seen in the vicinity.

The Norrköping police received a call around 23:15 from a neighbor who had been hearing strange noises from the apartment. When the police arrived at the scene, they found Viktor Wallin stabbed to death in the bed in the two-room apartment.

The apartment belongs to a travelling salesman, who is abroad at the moment, and has no known connection to the victim.

Inspector Olof Rydé, who's leading the investigation, reveals that the police do not have any leads, and no suspect, at present. A set of main keys to the building was recently stolen from the caretaker. Inspector Rydé believes that the victim probably had gotten hold of the keys, and sneaked into the apartment to get some sleep while the tenant was away. Why he was murdered is still a mystery though.

One strange detail is that all the victim's clothing was neatly folded on the floor beside the bed, apart from any sort of shirt or similar item of clothing. The police were not able to find any kind of shirt anywhere else in the apartment either. Inspector Rydé says that it's possible that the murderer removed the shirt from the crime scene. He adds that the possibility cannot be ruled out that the victim wasn't wearing a shirt.

The Police do not have any suspects yet for the murder in east side Norrköping on Wednesday night.

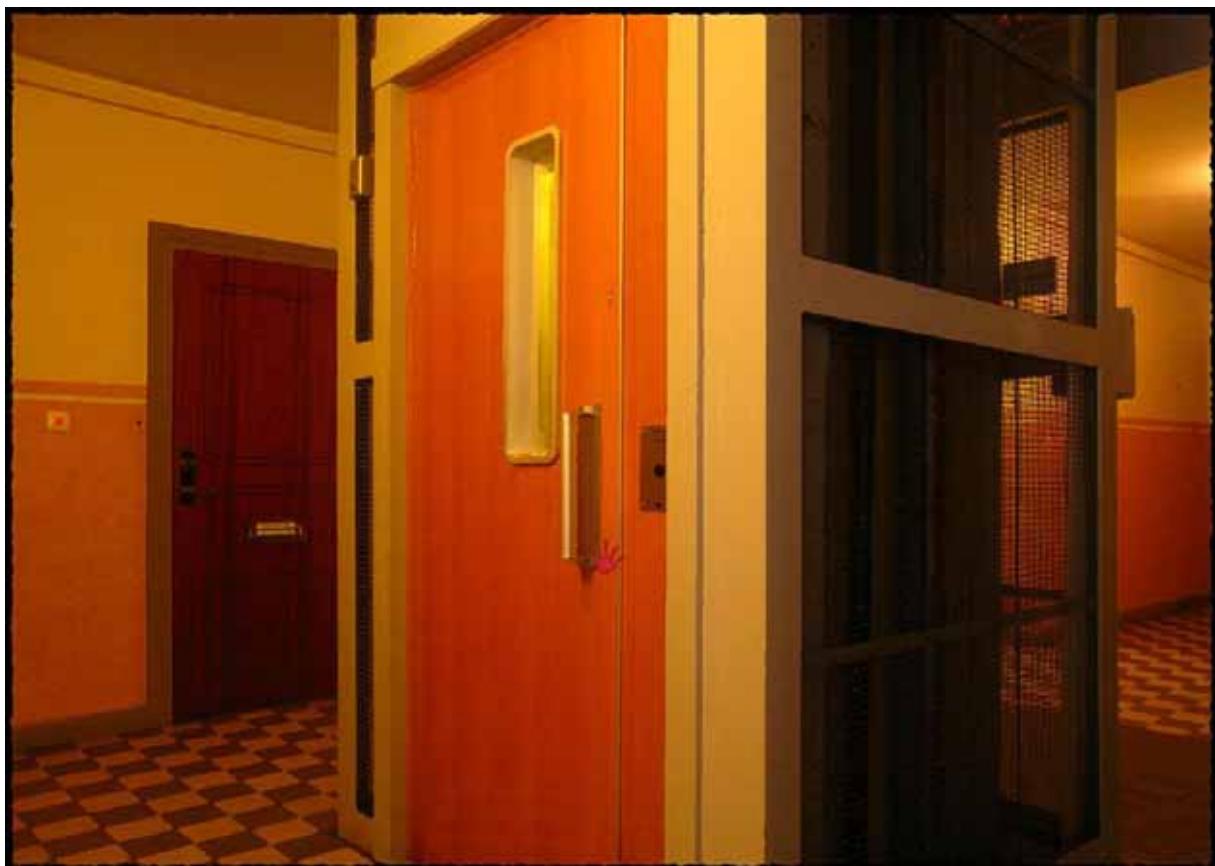

Nun betreten wir unser Wohnzimmer u. gehen in die Werkzeugecke.

Wir stecken den **Seitenschneider** ein u. verlassen unser Heim.

Von hier aus fahren wir zu **ANDERS BORG`S Apartment!**

Wir betreten den Fahrstuhl u. fahren in den 4. Stock.

Am Ende des Ganges finden wir ANDERS BORG`S Apartment.
Leider ist es verschlossen u. wir schauen uns um.

Im Türstopper bemerken wir einen **Schlüssel**, der mit Hilfe des
Seitenschneiders in unser Eigentum übergeht!

Leider passt der Schlüssel nicht, wir wenden uns links der Blechtür zu u. öffnen sie mit dem Schlüssel.

Hier finden wir einen weiteren Schlüssel u. können damit das Apartment öffnen.

Das Spiel kann bestellt werden per Mail (shop@gamepad.de) oder im Shop bei <http://www.gamepad.de>
